

Let my people enter.

This was the theme of the conference in Gibraltar where Mokhtar and I would participate in at the end of October. Mokhtar became sick a day before departure and therefore Sifra went alone.

It was a very tiny conference with approximately 50 participants, of whom many from Gibraltar and Spain and the Fins who had organized this conference, a few Italians and furthermore individuals like me. The objective of the conference was to network. All the participants are people who like Mokhtar and I (as couple, family or small team) do a lot of work in a isolate way, but internationally and in cooperation with Messianic Jews.

Sometimes, as I have to explain to somebody that we are missionaries and what kind of work we do (outside of the big mission organizations) this person will look at me in a way as: 'Are you totally nuts?' This idea I had with some of the participants: What an 'alien' I thought, but finding much recognition after meeting the person. People with an apostolic ministry, pioneers who live out of the prophecies of the Bible and who have much knowledge of the history and therefore of the time we live in now.

Somebody with not so much knowledge of the Bible would not feel at home at this conference. Torah was taught in by high speed and to the frustration of many of the local believers who had not so much knowledge of Torah there was said that they had to pick from it whatever they would understand and that they had to let go of the rest. It was as if I was in my own course 'Roots of our Faith', but then 100 times faster. The difference between Greek and East/Biblical thinking was explained in 2 sentences. The language was mainly Spanish and Italian with English translation and as you might understand: things went quite disorderly. Fortunately the lead was in hands of the Fins and therefore the meetings could be started and finished relatively on time. But also they did not always succeed to break through the Mediterranean Culture, so that a strong Italian was called to call everybody to order. Wonderful!

Subject of the conference was the return of the marono's, crypto (hidden) Jews or anusim to Israel. These are the Jews that were forced for example by the Spanish inquisition to become Christians. These Jews cannot go back to Israel because they cannot prove by their genealogy that they are Jewish. In Obadiah 20b it says: 'the exiles from Jerusalem who are in Sepharad will possess the towns of the South (Negev).' This is prophecy is being fulfilled.

One of the participants, coming from the 'Beni anusim' (descendants of the Jews that were forced to take on a different religion), was asked to speak in the Knesset to address the problem. The ministry of immigration in Israel is ready to deal with this problem.

Housing and infrastructure are being built at this moment in the Negev.

Why Gibraltar? Because this place takes in a key position in the Mediterranean and therefore we have proclaimed prophecies, confessed sins and made intercession there.

What do Mokhtar and I have with the 'Beni anusim'? Why Spain and the Spanish Jews?

Mokhtar keeps on meeting Tunisians that become Christians out of the Islam and then literally want to eat Torah. 'Beni anusim' are not only Jews that were forced to become Christians, but

Obadiah 20b
"The captives of Jerusalem, that are in Sepharad, shall possess the cities of the South".

Isaiah 62: 10
"Go out, go out through the gates; prepare a way for the people! Build it up, build up the highway; clear away the stones! Raise a banner for the peoples".

Ezekiel 20: 40,41
"For on My holy mountain, Israel's high mountain – the declaration of the Lord God – There the entire house of Israel, all of them, will serve Me in the land. There I will accept them and will require your contributions and choicest gifts, all your holy offerings. When I bring you from the peoples and gather you from the countries where you have been scattered, I will accept you as a pleasing aroma. And I will demonstrate My holiness through you in the sight of the nations".

Isaiah 19: 23-25
"...25 The Lord of Hosts will bless them, saying, "Egypt My people, Assyria My handiwork, and Israel My inheritance and blessed"

also Muslims. They are in Tunisia, Algeria, Morocco, and very likely in Libya. Now is the time to see a turn-around in history. Many 'Beni anusim' discover their roots and want to make Alijah. And this will happen. The prophesies from the Bible are countless.

I have spoken to the organisation about the fact that there were Spanish, Italians and people from the Balkans present, but no Arab speaking from North-Africa who love Torah. This will change!

I can write a book about the conference with all the themes that were dealt with. I will not do this, for I have no time to write this now. And you have probably also no time to read this book now. But...you will hear much more about this subject, a piece by every time. I promise.

The people of JaH will enter Israel and live in the Negev!

Project 'Alijah'

A few months ago the chairman of our board Satish Jong said she had the wish that we would establish a financial reserve under the name alijah. That for us it was not clear how and in what manner it would be of use, but that we had to set apart money for Alijah, for as we need to have money ready as the movement of alijah starts and that it will go so fast that we will not have enough, unless God will provide for it miraculously, but that we have to make preparations as Cornerstone Ministries. Speaking about prophetic insight!

Yes we have a financial section in our accountancy. And there will be needed much money in the coming years. Highly recommended!
